Tender

712648450 - Provision of a MOD School Management Information System (MIS) - UK4

Ministry of Defence

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-038035

Procurement identifier (OCID): ocds-h6vhtk-055ab2 ([view related notices](#))

Published 7 July 2025, 5:32pm

Scope

Description

Purpose

To provide all MOD schools and settings with a secure web-delivered management information system (MIS).

Objectives

To provide all MOD schools/settings from Early Years through to sixth form, with a Management Information System (MIS) suitable for the educational phase of each school. The system must accommodate the Schools' overseas circumstances including differing time zones when recording pupil information and attendance. Access to training and help desk support across all Schools/settings, roles and time zones. Delivery of staff training covering all modules with a focus on functionality and exploitation of MIS available throughout contract in various, accessible forms.

The Requirement is for a twenty-four (24) month contract with a two (2) x twelve (12) month option periods. It is required to be fully operational by 01 Apr 2026, as such there is the need for a Transition Phase between 01 Jan 2026 (TBC) until 31 March 2026

alongside the current incumbent, to include training and support with migration.

The MIS needs to be able to interface with the SQA (Scottish Qualifications Authority), therefore the SQA must recognise the Successful Supplier as having working partnership with them in time for transition, from 01 Jan 2026 (TBC).

For more information please see the Statement of Requirement, attached within the PSQ.

Total value (estimated)

- £291,666.67 excluding VAT
- £350,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 January 2026 to 31 March 2028
- Possible extension to 31 March 2030
- 4 years, 3 months

Description of possible extension:

two (2) x twelve (12) month option periods.

Options

The right to additional purchases while the contract is valid.

To implement an additional virtual school.

Main procurement category

Goods

CPV classifications

- 48190000 - Educational software package

Justification for not using lots

The future data collection across all MOD Schools is to come from one supplier to ensure data is combined in to one analytical piece. Currently, data and analysis is kept separate across the two different systems and standards between all schools cannot be compared nor standardised. DCS must ensure performance and progress across all schools can be directly compared and be able to quickly identify issues. Having one system will also achieve cost saving measures as only one piece of software will be required. Additionally, staffing capacity within DCS means they do not have the resourcing to conduct the combining of two strands of analytical info.

Participation

Technical ability conditions of participation

The MIS needs to be able to interface with the SQA (Scottish Qualifications Authority), therefore the SQA must recognise the Supplier as having working partnership with them in time for transition, from 01 Jan 2026 (TBC). You will be asked in the PSQ to confirm you are prepared to ensure your MIS can interface with the SQA.

Particular suitability

Small and medium-sized enterprises (SME)

Best Technically Affordable Tender

Other information

Payment terms

Payments will be made via the Contracting, Purchasing and Finance (CP&F) system / EXOSTAR.

Payment to be made in the form of quarterly milestone payments, paid within 30 days of invoice received when the service, training and support has been received to an acceptable standard.

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

Stage 1 - PSQ Submissions and Evaluation

Stage 2 - Compliant Suppliers from Stage 1 will be invited to Tender. The Tendering process will consist of:

1. Technical Stage 1: Technical Response (inc. Social Value)
2. Combined Commercial (inc Price) and Technical Evaluation.

The Authority reserves the right to invoke a 2nd Technical Stage.

3. Technical Stage 2: Demonstration of MIS

If invoked, the highest ranking (compliant and in-budget) Supplier will be invited to

demonstrate their MIS offering via a one (1) Hour Microsoft Teams Meeting. This demonstration will provide an opportunity to showcase and substantiate the claims outlined in tender submissions. The Authority reserves the right to amend the technical scores following the demonstration. Should the scores be amended, and the amended scores change the outcome of the Combined Commercial and Technical Evaluation, the second ranking Supplier shall be invited to demonstrate, and so forth.
