### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The NHS Hertfordshire and West Essex Integrated Care Board (HWE ICB) was incorporated on 1st July 2022 and replaced the three clinical commissioning groups which were operating across the HWE area. Since the incorporation of the HWE ICB, there has been a significant level of work to understand services available within each 'place' and how they should be provided across the broader system to ensure equity of services for patients.

This new short-term contract will enable the HWE ICB work to understand how best to align these services across the ICB which will inform future commissioning intentions for this service which ensuring continuity of care for our patients. To procure services at this stage may risk implementing a service which doesn't adequately meet health needs of patients and may not deliver the best value for money service.
