OPAL-RT On-Site Support & Hardware Installation - Hii Project

Offshore Renewable Energy Catapult

UK5: Transparency notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-038058

Procurement identifier (OCID): ocds-h6vhtk-055ac2 ([view related notices](#))

Published 8 July 2025, 8:47am

Scope

Reference

ORE/25/044

Description

Procurement of on-site support, testing, and installation of additional hardware from OPAL-RT Technologies. The contractor will integrate new components into the existing EGSTON amplifier system, requiring proprietary drivers and technical support. The service includes co-simulation setup, firmware, fiber link components, and engineering services directly related to OPAL-RT's proprietary environment.

- 32580000 - Data equipment

Procedure

Procedure type

Direct award

Direct award justification

- Single supplier - intellectual property or exclusive rights
- Single supplier - technical reasons

OPAL-RT Technologies is the only supplier with the technical ability. As the original provider, they are uniquely positioned to offer compatible hardware, software, and expert services. A single-source procurement is therefore justified on technical exclusivity and continuity grounds. We have already existing hardware from the supplier, this makes the integration process simpler.
