Kirklees Council wish to establish a Supported Living Services ("SLS") Provider Agreement to replace the current Framework Agreement which may also be used by the NHS Kirklees

Clinical Commissioning Group ("CCG") (subject to CCG governance approval). As the current Framework arrangement does not allow new Providers to be able to join, the new SLS arrangement will in the format of an Electronic Market

Place ("EMP") which will allow new Providers to join.

A SLS Multi-Provider Agreement will be established and will allow the Council and the CCG to engage with suitably qualified Providers who will be able to deliver flexible services which will

empower Service Users to live as independently as possible in their own home; this may include 1:1 support to access community activities and social activities.

The majority of the care and support required through this SLS Provider Agreement will be Regulated Activity, requiring the Provider to be appropriately registered with the Care Quality Commission.

There may be occasions where Non-Regulated Activities are required.

Providers should assume they will be providing Regulated Activity. It is the responsibility of the Provider to ensure that they have checked the Care Quality Commission Regulation Guidance regarding what is Regulated Activity.

Further details regarding the Services required are set out in the General Specification (see the procurement documents) and in the Terms and Conditions (see the procurement documents)

The value of the Services to be awarded through this EMP is estimated to be approximately £7,000,000.00 (seven million pounds) per annum. In order to meet its requirements the

Council has divided the Services into two overarching Lots under which are seven distinct

Categories.

The Lots determine whether the requirement is to be delivered as

oating support for people in their own homes or whether it is to be delivered to a number of Service Users based in shared

accommodation. The distinct Categories mirror Service User Primary Care needs which allows Applicants (economic operators/tenderers) to identify and apply against the

appropriate categories for their specialisms and ensures that the

Council extends invitations to tender only to those qualified and capable.

Candidates with the correct experience and expertise for that Service User.
