UoS/DH/24/25/QTR4/Next Gen Teaching Spaces - Seminar - PC labs

Description

This tender is for the provision and installation of Audio Visual (AV) equipment for the University of Salford's (UoS) Teaching Rooms. This year the University is continuing direction within its teaching

spaces and looking to radically transform, taking teaching into the future. To begin with we have worked with stakeholders to come up with a specification for smaller space seminar & Computer labs,

that occupy over 80% of our campus. We are hoping the integrators will see this design challenge and opportunity to assist us in transforming teaching and working on a notable project. The upgrade will consist of:

- X1 Next Gen Seminar Space
- X2 Next Gen Computer Labs

This is a design build; the university is seeking to procure a solution to the brief and functional specification on the opening of each room section within this document.
