Section I: Contracting authority/entity

I.1) Name and addresses

Ministry of Defence

Bristol

Email

DES-AirISTAR-E7-CM@mod.gov.uk

Country

United Kingdom

Region code

UK - United Kingdom

Internet address(es)

Main address

<https://www.gov.uk/government/organisations/ministry-of-defence>

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

Defence

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Mission Crew Trainer Sustainment

II.1.2) Main CPV code

- 80660000 - Training and simulation in military electronic systems

II.1.3) Type of contract

Services

II.1.4) Short description

The E7 Acquisition Project Team, part of the UK Ministry of Defence, intends to award a 3-year contract to Plexsys Interface Products UK Ltd for the maintenance of the current Mission Crew Trainer software and hardware located in RAF Lossiemouth. This contract placement is intended to be awarded with an additional 3 option years.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £10,966,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The E7 Acquisition Project Team, part of the UK Ministry of Defence, intends to award a 3-year contract to Plexsys Interface Products UK Ltd for the maintenance of the current Mission Crew Trainer software and hardware located in RAF Lossiemouth. This contract placement is intended to be awarded with an additional 3 option years.

It is considered that this contract can be placed using the Negotiated Procedure without Prior Publication of a Contract Notice pursuant to Regulation 16(1)(a)(ii) of the UK Defence and Security Public Contracts Regulations 2011 for technical reasons. This is because Plexsys Interface Products UK Ltd are the only company to have access to the Mission Crew Trainer source code/data and other necessary technical information to enable it to meet the RAF's synthetic training needs and provide the maintenance required throughout the contracting period.

To be successful in maintaining the functionality of the equipment, the supplier must have suitable experience and detailed knowledge of the system including both hardware and software which is only available within Plexsys. It is critical that the Mission Crew Trainer device remains fully operational and contracting with another contractor would pose a high risk to its critical functionality, thereby jeopardising the training of rear crew. For these reasons, Plexsys Interface Products UK Ltd is the only supplier able to meet the requirement

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: Yes

Description of options

3 x 1 year options following initial 3 year period.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- The products involved are manufactured purely for the purpose of research, experiment, study or development
- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The E7 Acquisition Project Team, part of the UK Ministry of Defence, intends to award a 3-year contract to Plexsys Interface Products UK Ltd for the maintenance of the current Mission Crew Trainer software and hardware located in RAF Lossiemouth. This contract placement is intended to be awarded with an additional 3 option years.

It is considered that this contract can be placed using the Negotiated Procedure without Prior Publication of a Contract Notice pursuant to Regulation 16(1)(a)(ii) of the UK Defence and Security Public Contracts Regulations 2011 for technical reasons. This is because Plexsys Interface Products UK Ltd are the only company to have access to the Mission Crew Trainer source code/data and other necessary technical information to enable it to meet the RAF's synthetic training needs and provide the maintenance required throughout the contracting period.

To be successful in maintaining the functionality of the equipment, the supplier must have suitable experience and detailed knowledge of the system including both hardware and software which is only available within Plexsys. It is critical that the Mission Crew Trainer device remains fully operational and contracting with another contractor would pose a high risk to its critical functionality, thereby jeopardising the training of rear crew. For these reasons, Plexsys Interface Products UK Ltd is the only supplier able to meet the requirement
