### **Scope**

### **Reference**

UKRI-4850

### **Description**

**\*\*PLEASE NOTE THAT THE BID SUBMISSION DEADLINE FOR THIS REQUIREMENT IS NOW 07 MAY 1400HRS UK TIME. THE LATER DATE STATED FURTHER DOWN THIS NOTICE IS INCORRECT (24/05) AND IS UNABLE TO BE CHANGED DUE TO AN UNFORESEEN FTS/WEBPAGE TEMPLATE ERROR\*\***

The contracting authority is UKRI and the services are for their STFC Daresbury Laboratory. The aim of this procurement is to contract with a Service Provider to complete all Planned, Preventative Maintenance (PPM), reactive and remedial works pertaining to BEMS for STFC Daresbury. We are looking to contract with a specialist BEMS maintenance Service Provider who has technical capability to deliver all aspects of the services. They should have the ability to be able to maintain a variety of brands of BEMS.

The Service Provider is to be proficient in working in environments where detailed isolation prior to testing is planned and executed to ensure maximum safety, efficient testing, remediation of defects, and minimum disruption to the operation. Please review the entire documentation set and asset list held in the Delta eSourcing portal.

All reactive and remedial works, and any costs associated with new assets are an estimate and they are not guaranteed. Whilst it is STFC's intention to purchase the majority of its requirements under this Contract Arrangement from the Service Provider appointed, this does not confer any exclusivity on the appointed Service Provider. STFC reserve the right to purchase any requirements (including those similar to this and covered by this procurement) from any Service Provider outside of this Contract.
