II.2.4) Description of the procurement

The Medical Education department within Cardiff & Vale University Health Board (UHB) required outstanding Post Graduate Medical Education (PgCert) courses to be provided for 10 students to become level 7 healthcare educational professionals.

The course is taught part-time across 12 months and consists of three 20 credit modules, totalling 60 credits, at Level 7. The Health Board is committed to excellence in healthcare, playing a vital role in providing opportunities to those students who have a particular interest in professional medical teaching. Clinical Teaching Fellows (CTF) are employed within the UHB to ensure delivery of Cardiff University medical undergraduate curriculum so have clear links to Cardiff University as part of their UHB roles and honorary titleholder status. It is the intention of the UHB to align the students own academic studies with the University for further educational continuity and strengthened partnerships.

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

An essential requirement of all Clinical Teaching Fellow posts within the Cardiff and Vale University Health Board, as outlined in the annual Service Level Agreement (SLA), is for all those in post to be enrolled on an accredited postgraduate academic taught programme. This criteria is detailed within the NHS Liaison Honorary titleholder status and each job description.

This Postgraduate Certificate in Medical Education enables healthcare professionals to expand their professional role as a clinician into teaching as part of a Cardiff University Academic course themselves, further strengthening their status and knowledge.

Clinical Teaching Fellows are employed within the UHB to ensure delivery of Cardiff University medical undergraduate curriculum so have clear links to Cardiff University as part of their UHB roles and honorary titleholder status. Alignment of the Fellow's own academic studies with the chosen institution further strengthens the partnership between the UHB and the provider. This will benefit the UHB and provide invaluable knowledge and teaching for UHB employees

The awarded supplier retains the necessary accreditations and awarding this contract will ensure continuity of the education of the Fellows as detailed above. On this basis, Cardiff and Vale University Health Board are seeking to award this contract to Cardiff University on a 1-year basis with an option to extend for a further 24 months to be reviewed annually at the sole discretion of the Health Board.
