- UKH12 - Cambridgeshire CC

II.2.4) Description of the procurement

Genetic testing and reporting of familial hypercholesterolemia gene panel

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Synlab is an external provider of genetic testing which has successfully resolved backlogs of testing for another Genomic Medicine Service laboratory. Given the clinical risk associated with backlogs of genetic tests for patients identified with clinical symptoms of familial hypercholesterolemia and their relatives, resolving the backlog of genetic tests without delays is critical. Therefore, with the current capacity and proven track record of accredited work for the NHS, Synlab is the sole provider for this work.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Contract No

ADD/PU/SM/24/28

Title
