The following certification will be a requirement of the upcoming tender exercise and Applicants may be required to include evidence of this within their tender submission:

- ISO 9001: 2015 accredited by the United Kingdom Accreditation Service (or equivalent) to cover all segments of the Applicant's and the product's supply chain. This should include, but not be limited to, manufacturing, storage and distribution. If Quality Assurance Standard certificates are not in the name of the Applicant then the Applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.
- Declaration of Conformity and UKCA Certification to demonstrate compliance to UK Medical Device Regulations 2002 or Declaration of Conformity and CE Certification to demonstrate compliance to Medical Devices Directive 93/42/EEC or Medical Device Regulation 2017/745 (where applicable).
- MHRA registration of any medical devices, in compliance with the Medical Devices Regulations 2022 (SI 2022 No 618, as amended) (UK MDR 2022).

 - > Employers liability Insurance cover of £5m per claim in the name of the Applicant
 - > Public Liability Insurance cover of £5m per claim in the name of the Applicant

NHS Supply Chain will assess the Applicant's economic and financial standing (or that of the entity or entities the Applicant is relying upon). Documentary evidence of this will be required at tender stage.

NHS Supply Chain will be assessing Sustainability and Social Value requirements as part of the upcoming tender process:

- > Carbon reduction Plan – All suppliers of new contracts for goods, services and works are required to publish a Carbon Reduction Plan (CRP) (PPN 06/21). This will be a pass/fail requirement at SQ stage of the upcoming tender.
- > Social Value Requirements – All procurements will include a minimum 10% net zero and social value weighting. Questions in the upcoming tender will form part of the Non-Financial criteria. Should the upcoming tender be identified as Medium or High risk in relation to modern slavery, a pass/fail requirement will be implemented in relation to a Modern Slavery Social Value question.
- >Evergreen Assessment – All Suppliers are required to complete an Evergreen Supplier Assessment. This will be a pass/fail requirement at SQ stage of the upcoming tender.
- > NHS England Supplier Roadmap – The NHS net zero supplier roadmap sets out the steps suppliers must take to align with the NHS net zero ambition between now and 2030.
- > Modern Slavery – All suppliers must complete and maintain an up-to-date Modern Slavery Assessment Tool (MSAT) as a minimum requirement (PPN 02/23). This will be a pass/fail requirement at SQ stage of the upcoming tender.

NHS Supply Chain expects to provide successful suppliers with the opportunity to offer additional savings to customers through the provision of discounted pricing, value added offerings and commitment/bulk buy initiatives.

As part of its pre-tender strategy, NHS Supply Chain anticipates engaging with suppliers of these products via an expression of interest. Please follow the guidance below:
