The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

DOJ is seeking a modification of £125k to assist the Causeway Procurement Team to produce a detailed, relevant and correct set of requirements to inform the Specification document for the Causeway Procurement 2029 project.

Through this contract modification, the intention is to use the contractor's expertise in the following tasks:

- Facilitation of technical workshops to ascertain the specific requirements;
- Facilitation of strategic workshops to ascertain the requirements for a new Causeway system, relating to the wider digital ambition of the Department and CJOs who use Causeway.
- Attendance at DOJ Senior Management Team meetings and Criminal Justice Board meetings to provide updates on the current position and provide recommendations for the way forward.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The Regulations permit the modification of a contract where the changes proposed meet one or more of the prescribed tests as set out in Regulation 72. There is reasons to modify this contract in accordance with

Regulation 72(1)(b) Whereby additional works, services or supplies “have become necessary” and were not included in the initial procurement and a change of supplier would not be practicable (for economic, technical or interoperability reasons) and would involve substantial inconvenience/duplication of costs - provided the change does not exceed 50% of the value of the original contract.

DoJ requires additional assistance, for the CJOs and the wider department to be clear at the outset of their needs in relation to how Causeway can fulfil wider digital ambitions.

By extending the contract value this will allow DoJ to use the contractor's expertise to facilitate a series of workshops at strategic and technical levels to fully understand the requirements of each organisation, and how these can be best achieved.

The contractor is the contracted Delivery Partner for the Causeway project and they have already built up a significant level of expertise through engaging with the stakeholders and participating in PME sessions. To move to another contractor at this point would be a duplication of cost and effort.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £250,000

Total contract value after the modifications

Value excluding VAT: £375,000
