TC2261

Description

Thames Water intends to award an Agreement for the provision of a new Debt Management SaaS solution, as well as the Implementation and System Integration work associated with it. The Software Provider may wish to submit a bid in collaboration with a System Integrator, however Thames Water expects to sign one contract upon completion of this tender exercise under which the Supplier takes accountability for the provision of the Software licenses and the successful implementation of the system within Thames Water's environment.

Total value (estimated)

- £0 excluding VAT
- £0 including VAT

Above the relevant threshold

Contract dates (estimated)

- 10 November 2025 to 9 November 2028
- Possible extension to 9 November 2030
- 5 years

Description of possible extension:

Thames Water envisages that the contract will be awarded for an initial term of 3 years with options to extend by 1 year or longer, up to a maximum overall term of 5 years.

Options

The right to additional purchases while the contract is valid.

The right to additional purchases while the contract is valid.

The full scope of the services to be provided and any options that may be considered throughout the term of the agreement, is set out in the Specification issued within the Invitation to Negotiate (ITN) document.

Competitive flexible procedure

Special regime

Utilities

Competitive flexible procedure description

Suppliers' PSQ submissions will be scored and shortlisted in accordance with the criteria set out within the PSQ documentation, and the suppliers that are shortlisted will be invited to submit a proposal in response to the ITN.

After tenders have been submitted, evaluated, and negotiated, the successful supplier will be awarded according to the percentage weightings and criteria set out in the ITN Process document. Full details of the process that will be followed are provided within the PSQ and ITN documents.
