- 98340000 - Accommodation and office services
- 98351000 - Car park management services

---

## Engagement

### Engagement deadline

29 August 2025

### Engagement process description

Market engagement for RM6378 began in March 24, starting firstly at an event on 7th March 24 with incumbent suppliers, with a retrospective analysis of the existing agreements and exploration of merging the current FM and Security frameworks into one single agreement.

Following issue of the PIN for a merged FM and Security Services agreement, between August and November 2024 engagement covering a multitude of areas, including the main themes of: Framework length and type, Lotting structure, Services in scope, Specification and standards, Pricing, Contract performance management (KPIs), Social value, and T&Cs. This was through questionnaires and surveys to our list of registered suppliers consisting of those that responded to the PIN, and 121 meetings with all suppliers who requested a session.

We published webinar updates for both suppliers and customers to our webpage in September and December 2024.

Between January and May 25 this engagement has been focussed on some specific areas including: Specification, Pricing, Terms and Conditions, KPI / performance management and Social Value. This has been through sharing questionnaires and draft documentation (such as draft specification Work Packages), and receiving feedback. There has also been a roundtable meeting focussing on billable works on 8th April 25, with invitations shared to all registered suppliers.

#### Next steps - Pre ITT engagement

A face to face supplier event in Liverpool will be held on the 1st July 2025. The format of the day will include an opportunity to engage further with suppliers through presenting the findings of our engagement and the subsequent decisions taken to develop the framework. We also intend to include an overview of the bid process to familiarise suppliers with the

process and any changes following the introduction of the new Procurement Act 2023. Suppliers will then be given the opportunity to ask questions. Notification has been provided to all suppliers who registered under the previous PIN, with places allocated on a first come first served basis, and there is now limited space. As places are low, once fully booked, further interested suppliers will be included on a reserve list.

We will however publish recorded presentations onto the CCS webpage for suppliers that are unable to attend. Interested suppliers should contact [rm6378@crownccommercial.gov.uk](mailto:rm6378@crownccommercial.gov.uk).

## COI

If the participant is in any situation which might (or which might be perceived to) give rise to an actual or potential conflict of interest in connection with the procurement, CCS may make further enquiries to identify any such conflict or to satisfy itself that none exists, or that it can be effectively managed. CCS may require the participant to provide such further information as CCS might specify for any such purpose or may require the participant to withdraw from the preliminary market engagement if, in CCS's reasonable opinion and at its sole discretion, any of the above issues have arisen or may arise and there are no other means to ensure the equal treatment of all potential suppliers. Prior to requiring any such withdrawal, CCS shall provide the participant in question with the opportunity to prove that its capacity as a participant is not capable of distorting competition.

## Further Pre - ITT engagement

Further webinars will potentially be held on specific topics in order to share information in advance of ITT.

We encourage interested suppliers who have not done so already to register their interest in the RM6378 procurement by emailing [rm6378@crownccommercial.gov.uk](mailto:rm6378@crownccommercial.gov.uk)

Please review the CCS RM6378 webpage below for further updates as we progress with the process.
