Description

This notice sets out Suffolk County Councils to award a three year (with option to extend for a further year) contract to Boomi Corporation Ltd for the provision of a Software Integration Platform.

The Council has been using the Boomi platform for 8 years.

The Boomi platform is a key piece of software for the organisation as it is used to integrate data between business-critical systems, for example allowing payment information to be taken from case management systems into our finance system so that we can pay care providers.

Procedure

Procedure type

Direct award

Direct award justification

- Single supplier - intellectual property or exclusive rights
- Single supplier - technical reasons
- Additional or repeat goods, services or works - extension or partial replacement

Boomi is a key piece of software for the organisation as it is used to integrate data between business-critical systems

Moving to an alternative solution would cause significant disruption and risk to the authority. This would create disproportionate technical and resource challenges that would impact business operations and not demonstrate commercial value or provide the most economically advantageous outcome
