B&NES Wellness Service

Reference number

DN722224

#### **II.1.2) Main CPV code**

- 85100000 - Health services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

B&NES Council Public Health and Specialist Commissioning teams have jointly commissioned an integrated Wellness Service for B&NES since 2017. Since March 2020 the Wellness Service has also delivered the single point of access triage function for the B&NES Community Wellbeing Hub. The Community Wellbeing Hub is a co-ordinated local response to wider preventative and social support services. The Wellness Service has benefited from significant learning since 2017, including the importance of taking services out to communities, and the need to adapt service delivery and design in response to a changing environment. It has benefited from co-location and joint working with health and social care services and the voluntary sector to reach out to vulnerable groups and ensure a joined-up pathway of support.

Our vision now is to build on this experience and, strengthen key elements of the Wellness Service including its universal prevention and self-care offer, workforce skills and capacity building, and to enhance the community engagement and development function to increase co-design and co-production of health improvement services.

The Wellness Service will have a particular focus on addressing health inequalities locally, through system workforce capacity building, targeted support to individuals and working directly with communities to design and deliver sustainable programmes and services with a focus on food, physical activity and emotional wellbeing.

The Wellness Service will also deliver individual support to improve health through a health coach model, supporting people to focus on what matters to them, as well as delivering specific interventions including NHS/CVD Health Checks and support to increase physical activity, quit smoking, reduce alcohol consumption and improve emotional health and wellbeing.

This is a services Contract. This procurement process will apply the flexibilities afforded under Competitive Process as defined within the Health Care Services (Provider Selection Regime) Regulations 2023.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £7,800,000

### **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UKK12 - Bath and North East Somerset, North Somerset and South Gloucestershire

### **II.2.4) Description of the procurement**

B&NES Council Public Health and Specialist Commissioning teams have jointly commissioned an integrated Wellness Service for B&NES since 2017. Since March 2020 the Wellness Service has also delivered the single point of access triage function for the B&NES Community Wellbeing Hub. The Community Wellbeing Hub is a co-ordinated local response to wider preventative and social support services. The Wellness Service has benefited from significant learning since 2017, including the importance of taking services out to communities, and the need to adapt service delivery and design in response to a changing environment. It has benefited from co-location and joint working with health and social care services and the voluntary sector to reach out to vulnerable groups and ensure a joined-up pathway of support.

Our vision now is to build on this experience and, strengthen key elements of the Wellness Service including its universal prevention and self-care offer, workforce skills and capacity building, and to enhance the community engagement and development function to increase co-design and co-production of health improvement services.

The Wellness Service will have a particular focus on addressing health inequalities locally, through system workforce capacity building, targeted support to individuals and working directly with communities to design and deliver sustainable programmes and services with a focus on food, physical activity and emotional wellbeing.

The Wellness Service will also deliver individual support to improve health through a health coach model, supporting people to focus on what matters to them, as well as delivering specific interventions including NHS/CVD Health Checks and support to increase physical activity, quit smoking, reduce alcohol consumption and improve emotional health and wellbeing.

This is a services Contract. This procurement process will apply the flexibilities afforded under Competitive Process as defined within the Health Care Services (Provider Selection Regime) Regulations 2023.

This notice is an intention to award a contract under the competitive process.

The approximate lifetime value of the contract if fully extended is £6,396,726. There is also the possibility of additional grant funding being made available during the life of this contract which could increase the contract value as per II.1.7 above.

There is an existing Wellness Service however this contract is for a revised service model.

The intention is to award to a new provider.

This contract will commence on 1/4/25 and expire, if no extensions taken, on 31/3/29. The initial contract period will be four years with an optional two-year extension thereafter. Maximum possible contract duration is therefore six years.

### **II.2.5) Award criteria**

## **Section VI. Complementary information**

### **VI.3) Additional information**

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. The standstill period begins on the day after the publication of this notice. Representations by providers must be made to the relevant authority by midnight on 13th December 2024. This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR.

Representations must be made in writing via the ProContract e-tendering portal which can be accessed via [www.supplyingthesouthwest.org.uk](http://www.supplyingthesouthwest.org.uk).

The award decision maker for this procurement process was Rebecca Reynolds - Director of

Public Health.

There were no conflicts or potential conflicts of interest raised in relation to this procurement.

The key criteria used for this procurement is as follows:

1. Quality and Innovation 40%
2. Improving access, reducing inequalities and facilitating choice 20%
3. Integration, collaboration and sustainability 15%
4. Value 15%
5. Health Inequalities 5%
6. Social Value 5%

All bids were assessed against the above criteria by a tender evaluation panel. The chosen provider scored highest following this evaluation so a recommendation was made to the key decision maker, Rebecca Reynolds to proceed with an intention to award to this provider. This recommendation has been approved.

## **VI.4) Procedures for review**

### **VI.4.1) Review body**

Independent patient choice and procurement panel

Redditch
