5.Details of the award decision-makers.

Governance - Hull City Council - Public Health Directorate

6.A statement explaining the award decision-makers' reasons for selecting the chosen provider, with reference to the key criteria.

Considered by public health service and guidance obtained to use PSR Regulations:

The providers have a proven track record of delivering the current contract to a sufficient standard in Hull. Reviews of 5-years' worth of performance data, quarterly contract meetings and annual contract reviews were undertaken and reports which included narrative around additional factors that were considered (for example, the impact of COVID-19, responses to short-notice grant funding initiatives).

The Service Review was shared with external partners contributing to our decision making as well as colleagues in procurement and legal. The Review was then cross-referenced with the Key Evaluation Criteria to assess whether the provider was satisfying the existing contract and whether they would be able to satisfy the new contract. The weighting for each of the criteria was as follows:

1. Quality and Innovation – 30%
2. Value – 20%
3. Integration, collaboration and service sustainability - 20%
4. Improving access, reducing health inequalities, and facilitating choice - 15%
5. Social value - 15%

As further assurance that the provider would be able to satisfy the new contract to a sufficient standard, Quality Assurance questions based on the updated service specification were issued covering the following domains:

- Aims and Objectives of the Model
- Summary of Interventions and components
- Approach, policies and best practice
- Venues, Service times and supporting rationale
- Involvement of Lived Experience
- Organisational Structure, lines of accountability and subcontracting
- Safeguarding

- Health intelligence, engagement in research, and innovative approaches
- Ensuring the health and social gains achieved are sustained and continue to positively impact on service users and the wider community
- Contribution to local health and social care retention and development

8.Any declared conflicts or potential conflicts of interest.
