MDDC202311-002 - Procurement of a replacement Baler and Maintenance Contract

Reference number

DN753858

II.1.2) Main CPV code

- 42914000 - Recycling equipment

II.1.3) Type of contract

Supplies

II.1.4) Short description

Mid Devon District Council's Kerbside Recycling Service is expanding due to an increase in properties and associated increase in recyclable materials following the successful implementation of our Bin-it 123 collections. We therefore need a new baler which will enable us to future proof the service against further increases. We currently collect a variety of dry recycling materials on a fortnightly basis, which are sorted at kerbside. We are looking to purchase a new baler to be installed at our depot in Willand, which will serve both our current and future needs. Our current system automatically sorts co-mingled Mixed Plastic/steel and aluminium cans. We also have a sorting platform to enable manual separation of contaminants. A visit to site will be arranged for any companies interested in this tender. A maintenance contract is also need for the Baler and associated equipment. This tender will be in two Lots.

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 2
