Scope

Reference

NE270625MRV

Description

Natural England would like to commission an interdisciplinary contractor team to determine the best methodology for estimating the current extent of fouling of marine recreational vessels in the UK, the patterns (routes and volume) of recreational boat movements in and out of UK waters, and within UK waters, and to better understand the factors that influence recreational boater decision and behaviours in relation to dealing with fouling.

Total value (estimated)

- £49,000 excluding VAT
- £58,800 including VAT

Below the relevant threshold

Contract dates (estimated)

- 18 August 2025 to 31 March 2026
- 7 months, 14 days
