Description

NHS Supply Chain intends to launch a National Framework Agreement for the provision of Anaesthesia Machines, Ventilator Equipment, Neonatal Equipment, Phototherapy Devices (Adult & Paediatric) and Related Accessories and Services.

This includes the following requirements which have been sub-divided

into Lots:

Lot 1: Anaesthesia Machines and Related Accessories and Services

Lot 2: Ventilator Equipment and Related Accessories and Services

Lot 3: Anaesthesia Gas Capture devices and Related Accessories and Services

Lot 4: Neonatal Incubators and Neonatal Phototherapy Devices and Related Accessories and Services

Lot 5: Adult and Paediatric Phototherapy Devices and Related Accessories and Services

It is anticipated that the initial expenditure will be in the region of £65,000,000 in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement. Estimated value over the 3 year Framework Agreement will be in the region of £195,000,000. There will be an option to extend the Framework for a further year. If the extension period will be utilised, then the total value of the Framework across the 4 year would be £260,000,000.

Commercial tool

Establishes a framework

Total value (estimated)

- £260,000,000 excluding VAT
- £312,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 March 2026 to 28 February 2029
- Possible extension to 28 February 2030
- 4 years

Description of possible extension:

There will be an option to extend the Framework for a further year. If the extension period will be utilised, then the total value of the Framework across the 4 year would be £260,000,000.
