Description

We are seeking interest for the supply and installation of a new boat hoist capable of accommodating a wide range of vessel sizes and configurations.

The hoist must be designed to:

Support a lifting capacity 75 tonnes

Accommodate both large vessels and smaller sailing boats without requiring mast removal

The solution should optimise operational efficiency, reduce handling time, and minimise the need for vessel modifications prior to lifting.

The tender will be issued and administered through Dover Harbour Board's procurement

platform.

Suppliers are able to apply to enrol on the platform here:
