## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

This is a short term award pending an evaluation of the product set and the associated business case. We believe that there is a compelling case for a direct award to Billigence for two key reasons. Firstly their knowledge of our current architecture makes it unrealistic for another provider to come in and provide the services at this stage. We believe that any such tender would incur unrealistic internal resource costs and would not result in a fair tender. Secondly, the short term nature of the award makes it unappealing to the market at this point, bearing in mind the resource requirements required of them with no commitment to any term beyond a single year.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
