II.2.4) Description of the procurement

This is a Prior Information Notice where the tender documentation is not yet available. However, interest in this opportunity (Expressions of interest) can still be registered (see below on details of how to complete).

ESPO is seeking to renew its Technology Enabled Care Products and Services framework. It is anticipated that the new framework will be awarded during Spring 2025.

This procurement is intended to create a list of pre-approved providers of technology enabled care products and services including telecare and telehealth services and equipment, monitoring, response services and consultancy. The framework is intended to meet the needs of a fully outsourced provision as well as the purchase of individual pieces of equipment. Pre-market engagement will inform the nature and format of the solution to be procured (including the lot structure which has yet to be finalised).

Prior to retendering, ESPO is seeking to engage with the supplier market to help design the new framework to ensure that it best meets the needs of both suppliers and customers across the public sector.

Suppliers responding to this opportunity will be invited to participate in the pre-market engagement which will take place between December and January 2024.

The duration of the framework agreement is expected to be for 2 years (24 months), with the option to extend for up to a further 2 years (24 months). The total estimated value stated includes the option period.

To express an interest:

(a) Go to <https://www.eastmidtenders.org/>; (b) Register (if not already registered on ProContract); (c) Search for tender opportunity '203_25' (via "View Opportunities" from the 'EastMidsTenders' Portal); d) Express an interest.

II.3) Estimated date of publication of contract notice

21 February 2025

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

As a Central Purchasing Body as defined in the Public Contracts Regulations 2015, ESPO's Framework Agreements are open for use by Public Bodies (defined at <https://www.espo.org/amfile/file/download/file/9608/>) that also fall into one of the following classifications of user throughout all administrative regions of the UK: Local Authorities; Educational Establishments (including Academies); Central Government Departments and Agencies; Police, Fire & Rescue and Coastguard Emergency Services; NHS and HSC Bodies, including Ambulance Services; Registered Charities; Registered Social Landlords; The Corporate Office of the House of Lords, The Corporate Officer of the House of Commons; or any public body established by or under the Scotland Act 1998 or any Act of the Scottish Parliament. Details of the classification of end user establishments and geographical areas are available at: <https://www.espo.org/legal>.

ESPO has established a commercial trading company, ESPO Trading Limited, whose target clients are third sector organisations such as national and local charities, public sector mutual organisations and other organisations involved in the delivery of services to or for the public sector. The successful Supplier may be asked to enter into an additional separate framework agreement (the Second Framework) with ESPO Trading Limited on materially similar terms to that found in the tender pack to be entered into by ESPO itself.

Any Second Framework agreement will be a purely commercial agreement and will, for the avoidance of doubt, not be governed by the Public Contract Regulations 2015 or other public procurement legislation. ESPO Trading Limited may enter into the second framework agreement with the successful supplier and make it available to third sector clients who themselves are not required to follow the Public Contracts Regulations 2015 or other public procurement legislation. Accordingly, this is provided for bidders information only.
