#### **II.2.4) Description of the procurement**

A. The Authority as the contracting authority – The Mayor’s Office for Policing and Crime, is tendering for the supply of Asbestos Management Services to the Metropolitan Police Service (MPS). The MPS/Authority is seeking through this tendering process to set up a supply contract for the provision of a planned and reactive call out service for the management of Asbestos throughout the MPS estate including, but not limited to:• The management of the Asbestos Register through the use of TEAMS Software to integrate with the Authority’s Teams Enterprise Software• Completion of suitable Risk Assessments• Relevant Management, Re-Inspection and Refurbishment and Demolition Surveys produced within TEAMS Software• Conduct audits of removal work, produce reports and update surveys and the Asbestos Register with changes.• A 24/7/365 reactive service for use in emergencies (i.e. when there is a suspected Asbestos Containing Material (ACM) disturbance or release etc.)• Proactive reporting of estate

improvements for consideration• High light risks and provide risk mitigation proposals.B. The Contract period will be for 3 years initially with the option to extend for two further two-year periods. C. Estimated full contract value is expected to be in the region of £5,400,000 including VAT.D. The services are to be provided across 216 sites, all located within greater London. Sites include a range of police stations, office buildings, and operational hubs. It is expected that the Successful Supplier will have strong presence in London to support the contract effectively and proven track record of contracts in London.E. The Successful Supplier must ensure compliance with all current and relevant legislation, associated Approved Codes of Conduct including Control of Asbestos Regulation 2012 and Health and Safety Guide 264.F. The Successful Supplier must note that the MPS estate is subject to change over the course of the new contract and is likely to increase in size. Buildings may be added or removed during the course of the contract. The range of premises shall include, but will not be limited to, commercial, leased and residential properties.G. The Successful Supplier will be the MPS specialist nominated contractor to undertake asbestos surveys and sampling. The Successful Supplier may therefore be required to interface with principal contractors as necessary.H. The full specification will be provided at ITT stage.I. It is not expected for TUPE to be applicable to this contract.
