London Liaison & Diversion Service and Mental Health Treatment Requirement (MHTR)
Service for Men

Reference number

PRJ2053

II.1.2) Main CPV code

- 85000000 - Health and social work services

II.1.3) Type of contract

Services

II.1.4) Short description

NHS England (London Region) (hereafter referred to as "the Authority") invites Expressions of Interest (Eols) and completed Invitation to Tender (ITT) submissions from all suitable providers for the delivery of an integrated London Liaison and Diversion Service (L&D) and London Mental Health Treatment Service (MHTR) for Men only. L&D and MHTR services are commissioned by the Health & Justice team, as part of NHS England London's Specialised Commissioning division.

The Services

Liaison and Diversion Service

The provider will identify individuals with mental health, neurodiverse needs, substance misuse or other psychosocial vulnerabilities, when they come into contact with the youth and criminal justice systems. The service aims to:

- Improve overall health outcomes by providing better access to healthcare and support services for vulnerable people
- Reduce reoffending by addressing the underlying factors contributing to offending behaviour.

The provider will deliver the L&D service in all London custody suites, Magistrates' Courts, Crown Courts and will include a dedicated Community Team of community link workers and peer support workers. It will also deliver a service for individuals who are dealt with by Voluntary Attendance/Interview who have vulnerabilities. It will share appropriate information with Criminal Justice System partners (police, Judiciary, Crown Prosecution Service, Probation etc) as well as supporting individuals into appropriate health and other services.

Mental Health Treatment Requirements for Men only

The provider will deliver in London MHTR treatment service for men only where the Courts deem it would be appropriate to include a MHTR as part of a Community Sentence. The service would screen men who had been referred by either Probation, Defence or Liaison and Diversion who are potentially suitable for a MHTR. If the individual agrees, this will be shared with Probation who will include the recommendation into the Pre Sentence Report for the Judiciary for them to consider whether a MHTR could be part of any sentencing options. Where a man is given a MHTR as part of a community order the provider would deliver a number of sessions over a specified period, determined by the court and provide psychological treatment/interventions, to address the underlying mental health issues which may be contributing towards the underlying offending issues. The Service will work directly with probation around support which will increase compliance, as well as proactively support the man to comply with the MHTR, and therefore reduce breaches. This service would be available to any man appearing in any of the Magistrates' Courts or Crown Courts in London.

The authority has divided London into two Lots - North and South. Lot 1 - The North London Lot will be based on the North West London, North Central London and North East London ICBs geographical footprints and Lot 2 - The South London Lot will be based on the South West London and South East London ICBs geographical footprint

Contract Length and value:

The contract for the Service will be awarded for a period of 5 years (60 months), with an optional extension for a further period of 2 years (24 months). Therefore, the maximum duration of this contract, if all extension options are taken up will be 7 years (84 months).

Date

11 February 2025

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

Section VI. Complementary information

VI.3) Additional information

The annual payments will be subject to inflationary uplifts in line with published NHS national planning guidance.

To ensure the new Integrated Model of delivery (Liaison and Diversion, and Men's Primary Mental Health Treatment Requirements) from a Liaison and Diversion only service, including enhancing the effectiveness and quality of service delivery across both Lots, additional non-recurrent funding is allocated. This is to support the integration of the two functions and establish formal agreements on how both Lots will collaborate to deliver a cohesive service. This funding, available for a period of two years, will be distributed as follows:

- Lot 1 (North): Funding of £236,973 per annum will be allocated to recruit one Band 8b Programme Manager and two Band 7 Project Managers.
- Lot 2 (South): Funding of £165,553 per annum will be allocated to recruit one Band 8b Programme Manager and one Band 7 Project Manager.

These roles will be ringfenced exclusively to managing the integration of the two functions within their respective Lots. They will also work collaboratively with their counterparts in the other Lot to drive service development, as outlined in the Service Development and Improvement Plan (SDIP).
