II.1.4) Short description

Please note: This is a Prior Information Notice and is part of our Market Engagement. This is not a call for competition at this time.

All details contained here in are estimates and may be subject to change up to the release of the Contract Notice.

The Mining Remediation Authority (Coal Authority) was established by Parliament to undertake specific statutory duties, set out in the Coal Industry Act 1994, associated with licensing coal mining operations; managing property and the historic legacy arising from the ownership of the coal reserves and underground workings; settling subsidence damage claims not falling on coal mine operators and providing access to coalmining information.

The Mining Remediation Authority (Coal Authority) has a legal duty under the Coal Mining Subsidence Act 1991, to repair properties damaged by mining subsidence in the five coalfield regions and where ever historic mining has taken place across the United Kingdom.

The Mining Remediation Authority (Coal Authority) employs over 300 people, based mainly at the head office in Mansfield with some field staff remotely based in order to enable a fast response to incidents in mining areas.

The Mining Remediation Authority (Coal Authority) is funded by grant in aid from the Department of Energy Security and Net Zero (DESNZ)

The Mining Remediation Authority (Coal Authority) is issuing this Prior Information Notice

as part of a wider Market Engagement piece in order to inform interested parties of our need for Emergency Fencing call outs and remediation works to land or property which has been impacted by historic mining.

We are seeking to engage with suitably experienced and qualified partners who can help us with Emergency Fencing callouts as well as remediation to land & repairs to buildings which have been impacted by historic mining.

Interested parties can register for free ahead of the documents release via the Mining Remediation Authority (Coal Authority) Tender Portal Inbye at the following address:

<https://inbye.coal.gov.uk/s2c/>

Use of the system is Free of Charge but will require some company information and agreement to terms and conditions to access the system.

We also have an expression of interest portal which suppliers can register at to receive updates on further market engagement.
