Tender

QUB/2600/24 Supply of a high throughput nano/microflow liquid chromatography system

Queen's University Belfast

F02: Contract notice

Notice identifier: 2024/S 000-040075

Procurement identifier (OCID): ocids-h6vhtk-04c77c

Published 12 December 2024, 12:30pm

Section I: Contracting authority

I.1) Name and addresses

Queen's University Belfast

University Road

Belfast

Email

shauna.ryan@qub.ac.uk

Country

United Kingdom

NUTS code

UKN06 - Belfast

Internet address(es)

Main address

www.qub.ac.uk

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://in-tendhost.co.uk/queensuniversitybelfast.aspx/Home>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

QUB/2600/24 Supply of a high throughput nano/microflow liquid chromatography system

Reference number

QUB/2600/24

II.1.2) Main CPV code

- 38432200 - Chromatographs

II.1.3) Type of contract

Supplies

II.1.4) Short description

Supply of a high throughput nano/microflow liquid chromatography system for proteomics applications. The system will be optimized for rapid analysis of proteomics samples via online coupling to an existing mass spectrometry system (quadrupole time-of-flight mass spectrometry with nano/low microflow electrospray system and trapped ion mobility separations). The system will be used for high throughput proteomics applications associated with the Future Medicines Institute at QUB and situated within the School of Biological Sciences 19 Chlorine Gardens, Belfast, BT9 5DL.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 38432200 - Chromatographs
- 38522000 - Chromatographic scanners

II.2.3) Place of performance

NUTS codes

- UKN06 - Belfast

Main site or place of performance

Belfast

II.2.4) Description of the procurement

The Northern Ireland Precision Biomarkers and Therapeutics Consortium (NIPBT) is an industry-focused partnership of Life and Health Science (LHS) companies and Academia, aligned to NI Health and Economy strategies. By addressing critical commercial gaps, the Consortium's aim is to transform the productivity of each Commercial Partner and the broader LHS sector in NI. NIPBT will deploy the grant funding to collaboratively develop R&D capabilities that industry partners require. Queen's is leading and hosting this research hub, as such is tasked with procuring and installing a high throughput nano/microflow liquid chromatography system for proteomics applications. The system will be optimized for rapid analysis of proteomics samples via online coupling to an existing mass spectrometry system (quadrupole time-of-flight mass spectrometry with nano/low microflow electrospray system and trapped ion mobility separations). The system will be used for high throughput proteomics applications associated with the Future Medicines Institute at QUB and situated within the School of Biological Sciences 19 Chlorine Gardens, Belfast, BT9 5DL. • Please note: - The execution of this tender & contract will be solely dependent on grant funding being received, which is estimated to be confirmed in January 2025. • No award will be made, or orders issued until the grant funding has been confirmed. If grant funding is not secured, the market will be notified, and this procurement exercise will be stood down.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

Yes

Description of renewals

option to extend maintenance and the purchase of consumables and ancillary items

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options

option to extend maintenance and the purchase of consumables and ancillary items

II.2.12) Information about electronic catalogues

Tenders must be presented in the form of electronic catalogues or include an electronic catalogue

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

28 January 2025

Local time

4:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.7) Conditions for opening of tenders

Date

28 January 2025

Local time

4:10pm

Place

Belfast

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.4) Procedures for review

VI.4.1) Review body

Queen's University Belfast

Belfast

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

N/A
