II.2.4) Description of the procurement

The Chronic Migraine Clinic provide treatment for patients who suffer from persistence headache of:

- Either tension-type and/or migraine quality and occurs on ?15 days per month for at least 3 months.
- No medication overuse.

A strict referral criterion ensures patients would have to see a Neurologist to be diagnosed with Chronic Migraine and then meets the NICE Guidelines for Botulinum administration. As such the clinic only accepts referrals from a Neurologist who has diagnosed Chronic Migraine in the patient and who fulfil the NICE criteria.

The clinic maintains close links with the Neurology department at East & North Hertfordshire Trust to receive appropriate support, resources, and education.

The clinic offers face to face and virtual educational sessions about chronic migraine with clearly defined pathway.

The contract is for one year with option to renew for a further one year based on FOT of £77, 748.

Total value of the contract/lot: £155,496

Section VI. Complementary information

VI.3) Additional information

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. The publication of this notice marks the start of the standstill period. Representations by providers must be made to decision makers by 24/12/2024. This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR

The business case including the recommendation to award the contract under Provider Selection Regime Process C was approved at the ICB Strategic Finance & Commissioning Committee on the 12/09/2024.

The options paper for this service was presented at the following panels and committees:

- SWH HCP Finance and Commissioning Committee - 22/08/2024
- ICB Commissioning and Contracting Panel - 29/08/2024 (extraordinary meeting)
- Financial Scrutiny Panel - 06/09/2024
- HWE ICB Strategic Finance and Commissioning Committee - 12/09/2024

There were no conflict or potential conflicts declared.

The decision to award this contract in line with Direct Award Process C was based on evaluation against the five required key criteria as follows:

- Quality and Innovation – Assured – HWE ICB are assured that the provider is delivering a safe and effective service as required by the specification and contract they are currently delivering. This criterion was reviewed in line with the Quality Impact Assessment.
- Value – Assured – HWE ICB are assured that the provider is delivering value for money and providing an innovative, sustainable, high-quality service with positive outcomes for patients within the financial envelope.
- Integration, Collaboration and Service Sustainability – Assured – HWE ICB are assured that the provider is positively impacting on the Integrated Care System through their integration and collaboration delivered as a requirement of the specification or alternative elements linked to the delivery.
- Improving Access, Reducing Health Inequalities and Facilitating Choice – Assured – HWE ICB are assured that the provider is meeting needs of the population to ensure equitable access and choice as required by the specification and contract. This criterion was reviewed in line with the Equality Impact Assessment.
- Social Value – Assured – HWE ICB are assured that the provider is delivering in line with the HWE Green Plan, supporting with the implementation of carbon reduction and

increase in initiatives which positively impact on the wider determinants of health.

There is currently no alternative local provider for the service and the main benefits include:

- Reducing avoidable A&E attendances and GP appointments and costs associated with these attendances, and potential patient transport costs to attend out of area appointments mainly Royal Free and University College London.
- A locally agreed price for the activity.
- Patient experience and outcomes including self-manage their condition, care closure to home, and seamless care between community, secondary care and primary care.
