VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement. This procurement process is being conducted in successive stages and only those organisations which are successful and shortlisted at selection-stage will be invited to submit an initial tender. Interested organisations must complete and submit a completed Selection Questionnaire by the specified closing date and time. Submissions cannot be uploaded after this return deadline. Other than the Selection Questionnaire Pack and Selection Questionnaire, the procurement documents published at the date of this Notice are in draft form, and Portsmouth Water reserves the right to amend, augment and supplement any document. Portsmouth Water reserves the right at any time to cease the procurement process and not award any contract or to award only part of the opportunities described in this Notice. If Portsmouth Water takes up this right, then it will not be responsible for or required to pay the expenses or losses, which may be incurred by any organisation or Tenderer resulting therefrom. Except for the Contracts (if any) concluded with the successful Tenderer(s), nothing in the procurement process shall create a contract, whether express or implied, between Portsmouth Water and any Candidate or Tenderer. Portsmouth Water intends to select approximately 4 Candidates for each Lot to proceed to the next stage of the procurement. However, it reserves the right to select or negotiate with fewer if there are fewer suitable candidates or compliant bids, or more if necessary to ensure meaningful competition. Portsmouth Water may conduct the negotiations in successive stages in order to reduce the number of Tenders to be negotiated, by applying the award criteria specified in the ITT. It reserves the right at any time to close negotiations and award the Contract. Portsmouth Water undertakes to hold confidential any information provided in the proposal submitted, subject to its obligations under the law including Environmental Information Regulations and the UK GDPR. If the organisation considers that any of the information submitted in the proposal

should not be disclosed because of its commercial sensitivity, then this should be stated with the reason for considering it commercially sensitive. Portsmouth Water will then endeavour to consult with the Applicant about such commercially sensitive information when considering any request for information (e.g. under the EIR), before replying to such a request. Portsmouth Water reserves the right to carry out additional financial checks on all organisations bidding for this opportunity at any time during the procurement process. This is to ensure that they continue to meet its requirements and remain financially viable to fulfil the requirements under the proposed contract. For more information about this opportunity, please visit the Delta eSourcing portal at: <https://www.delta-esourcing.com/delta/viewNotice.html?noticeId=891805346>

VI.4) Procedures for review

VI.4.1) Review body

High Court

The Strand

London

WC2A 2LL

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Portsmouth Water will incorporate a minimum 10 calendar day standstill period at the point information on the award of the Contract is communicated to tenderers. This period allows unsuccessful tenderers to challenge the decision to award a Contract before a

contract is executed/signed (as appropriate). The Utilities Contracts Regulations 2016 ('Regulations') provide for aggrieved parties who have been harmed or at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought promptly and within the time limits as defined in the above Regulations. Where a Contract has not been entered into the court may order the setting aside of the award decision or order the contracting entity to amend any document and may award damages. If a Contract has been entered into the court has the options to award damages and/or to shorten or order the Contract ineffective.

VI.4.4) Service from which information about the review procedure may be obtained
