# **Section IV. Procedure**

## **IV.1) Description**

### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
  - absence of competition for technical reasons

Explanation:

Following a tender in 2022, which resulted in two non-compliant bids, the OU entered into

an interim agreement with Norman. The OU now wishes to contract with Norman for a longer period of 3 years, on the grounds of absence of competition due to technical reasons.

Norman Managed Services have successfully supported the OU over the past 12 months with an out-of-hours Helpdesk. They have become an integral part of how the OU supports students. The OU Helpdesk receives contact from students providing both technical and nontechnical support when using any module software or University programmes, as well as monitoring for any welfare or safeguarding concerns. The support provided in this area is

extremely sensitive and Norman supports a range of other Universities and other Higher Education organisations, giving them experience in dealing directly with the complexity that

this service can bring. The services provided by Norman has also given the OU the ability to benefit from the widespread expertise gained by Norman over the past 17 years that they

have been operating.

The OU has now extended support of students to 24/7 via different channels through a combined service of in-house OU Helpdesk and Norman. This increase in service for OU students has been achieved at lower cost.
