Cantium provides ICT Managed Services to its customers across the UK within the Education, Local Authority, Health, and the Private sector. As a LATCo, we are proud of our Public Sector heritage, which has given us a foundation in business delivery and infrastructure insight. This uniquely enables us to drive innovation and progressive practices to deliver the best value

for our clients.

Cantium is looking to partner as a PTaaS (PenTest as a Service) reseller and license provider for PTaaS products for Cantium and for resale to its customers.

Any contractual offer made will be against a zero-value agreement as any sales will be based on best value for ourselves and for our customers.

This Agreement is for a 36 months term based on an initial fixed 12 month period, after which a 3 months break clause may be applied to the balance of the term by the buyer. The contract will expire in its entirety after the 36 months unless the break clause is applied earlier, or it is extended.

The buyer has the right to request up to two separate 12-month extensions to this contract, providing the supplier with a minimum notice of 30 days prior to the contract end date. Therefore, the maximum possible contract length will be 60 months.
