DN735260

**II.1.2) Main CPV code**

- 85000000 - Health and social work services

**II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

##### **THIS IS AN INTENTION TO AWARD NOTICE ONLY**

Westmorland & Furness Council is advising of its intention to award a contract to a provider under the Competitive Process of the Provider Selection Regime.

The 0-19 Healthy Child Programme (HCP) is the early intervention and prevention public

health programme that lies at the heart of universal service for children, young people, and

families at a crucial stage of life, including pre-conception. The 0-19 HCP's universal reach

provides an invaluable opportunity to identify families that need additional support and children who are at risk of poor outcomes.

The 0-19 HCP sets out the good practice framework for prevention and early intervention services for children, young people and their families and recommends how health, education and other partners working together across a range of settings can significantly enhance a child's or young person's life chances.

The Service will provide clinical leadership, co-ordination, and delivery of the 0-19 HCP across the Westmorland and Furness Council footprint.

The Service sets out the good practice framework for prevention and early intervention services for children, young people and their families and recommends how health, education and other partners working together across a range of settings can significantly enhance a child's or young person's life chances.

The current guidance for local government, the NHS, integrated care boards and other partners inform local implementation of the healthy child programme framework. These include evidence led approaches to:

- preconception care
- promoting child development
- improving child health outcomes
- ensuring that families at risk are identified at the earliest opportunity

Safeguarding responsibilities apply through all elements from identification of risk and need

to early help and targeted work, and formal child protection.

The COVID-19 pandemic raises specific considerations for childhood vulnerability and the impact on their education, time with family and to their emotional health and wellbeing. The

Provider will act in accordance with the No child left behind - a public health informed approach to improving outcomes for vulnerable children.

The service will utilise the DHSC Campaign Resource Centre in working with babies, children, young people and families. Campaign Resource Centre ([dhsc.gov.uk](https://dhsc.gov.uk))

Decision to Award is undertaken by Director of Thriving Communities in agreement with Council Cabinet.

Reasons for selecting the chosen provider

Harrogate and District NHS Foundation Trust achieved the highest score against the key award criteria as set out in the tender documentation.

The Trust provided evidence of good quality HCP services and evidence to demonstrate that they would be able to meet the transformational ambitions of the Healthy Child Programme Specification in Westmorland & Furness.

No identified conflicts of interest.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

## **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £19,540,000
