NRW Analytical Services, Faraday Building (2nd Floor), Singleton Park Campus, Swansea University, Swansea, SA2 8PP. Collection points for samples to be agreed during implementation.

#### **II.2.4) Description of the procurement at the time of conclusion of the contract:**

NRWAS manage an outsourced analysis contract for the wider business, delivering samples from our laboratory to a third-party laboratory for analysis. The reasons for outsourcing are generally when specialised methods are yet to be developed by NRW or where setting up in-house capability is uneconomical due to low sample numbers. The samples are collected from a range of matrices; including freshwater, trade, treated sewage, saline, biota and sediment. Reporting limits are often required in low, or very low ranges.

This Invitation to Tender is for a contract to provide NRW with water quality and environmental analysis and for providing results in a suitable format. The contract also includes the provision of a refrigerated courier service to collect samples from an agreed location.

#### **II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession**

Start date

13 September 2021

End date

31 December 2023

#### **II.2.13) Information about European Union Funds**

## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Implementation of 12-month extension option to 31/12/2025.

Rates to increase by 7%. The modification relates to regulation 72 of the Public Contracts Regulations 2015 clause 72(1)(b).

### **VII.2.2) Reasons for modification**

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

This modification for additional services from RPS has become necessary whilst the CI Project is completed. A change of contractor cannot be made for technical reasons, as only RPS can meet all of our analysis requirements and changing suppliers would cause significant inconvenience and duplication of costs for NRW, as it took the first 12 months of the contract to fully mobilise this contract. The value of the modification does not exceed 50% of the original approved contract value.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £800,000

Total contract value after the modifications

Value excluding VAT: £1,056,467.88
