II.1.4) Short description

Derby City Council seeks to create a Flexible Open Framework for the provision of Supported Living Services under the Light Touch Regime of the Contract Regulations 2015, for adults and young people aged 16+ with eligible assessed needs within their own accommodation. This Framework will replace the current Derby City Support and Accommodation Dynamic Purchasing System (DPS).

Bidders may apply for one or more of the following Lots:

- Lot 1- Low Needs
- Lot 2 - Medium Needs
- Lot 3 - High Needs

There will be no minimum or maximum number of Service Providers that may be successful in each Lot, and no limit on the number of Lots Bidders can be successful in.

The Council reserves the right to open a Lot or Lots and run an open competitive tendering process to replace existing Framework Service Provider due to failure/poor performance/material breaches etc.

There will also be the option of opening up a Lot or Lots to add additional Service Providers where there are capacity issues or a lack of service provision in a specialism,

support model or service model within that Lot.

The Council reserves the right to add a Lot or Lots for additional service requirements and run an open competitive tendering process to award Bidders onto the Lot/s.

Bidders may submit bids for additional lot(s) throughout the life of the Framework as and when the Framework is reopened.

Bidders must have the appropriate registration with the health and social care regulator for England, the Care Quality Commission (CQC) for the delivery of the regulated activity of personal care to apply.

Service Providers will be required to demonstrate competence to deliver the Service to Customers on an individual basis based on their social care assessed needs and preferences, including demonstration of skills and experience required.

Bidders, submitting responses that include Service Models for accommodation (Settings) under any LOT, will be required to registered with Decent and Safe Homes (DASH) Derby City Council Accreditation Scheme (DASH) and subsequently accredited, prior to delivering any Support within this Framework. Those Service Providers with existing Customers in Settings via the current DPS must commit to this requirement to be successful and agree to having their Current Settings accredited within 12 months of the commencement of the Framework.

Settings may be located within the Derby City area, which is defined as within Derby City or a 10 mile radius of Derby City boundaries.

To Clarify, only Bidders submitting responses to delivery the 'Outreach' Service Model under any LOT will not be required to meet the DASH accreditation standard.

Bidders will be grouped into Service categories according to their Service Models at each Setting (if applicable) and Customer specialisms indicated in their submission for each Lot.

Partner organisations such as Derbyshire County Council, Nottingham City Council and Nottinghamshire County Council (referred to as D2N2), Integrated Care Board (ICB) and NHS organisations within the D2N2 area and Derby Homes may access the Framework and use the 'Call Off' arrangements, under their own individual terms and conditions.

VI.4) Procedures for review

VI.4.1) Review body

Derby City Council

Derby

DE1 2FS

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Derby City Council will incorporate a minimum 10 calendar days standstill period at the point information on the award of the contract is communicated to tenderers. This period allows unsuccessful tenderers to seek further debriefing from the contracting authority before the contract is entered into.

Applicants have 2 working days from the notification of the award decision to request additional debriefing and that information has to be provided a minimum of 3 working days before the expiry of the standstill period. Such additional information should be required from the contact details provided in section 1.1 of this notice.

If an appeal regarding the award of a contract has not been successfully resolved the Public Contracts Regulations 2015 (SI 2015 No 102) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought promptly (generally within 3 months).

Where a contract has not been entered into the Court may order the setting aside of the award decision or order the authority to amend any document and may award damages. If the contract has been entered into the Court may only award damages. [The purpose of the standstill period referred to above is to allow parties to apply to the Courts to set aside the award decision before the contract is entered into].
