Planned Procurement Notice Information:

The Project Corvus Competitive Flexible competitive procurement will include a Participation Phase, with a Procurement Specific Questionnaire (PSQ) being released by end July 2025 (estimated). The PSQ purpose is to gather further information and to identify potential tenderers who can participate in the competition. Responses to questions asked will be assessed by the Authority, therefore potential PSQ responses will need to include as much evidence as possible to provide a level of confidence to enable Authority decisions on Participation including any Authority decision not to invite tenderers to submit their bids.

A virtual Bidders Conference may take place to allow for final questions and information sharing before tender submissions.

IMPORTANT: In order to participate, suppliers will need to be registered to receive the PSQ and subsequent Tender documentation via the Commerce Decisions AWARD tool. All potential tenderers can register in preparation for the relevant information being available soon.
