II.2.4) Description of the procurement

The provision of Inpatient Stroke Rehabilitation services to commence January 2025, for the period of 12 weeks until the end of March 2025.

The service will need to provide both clinical and corporate service support and oversight including appropriate skilled and trained workforce to deliver 24/7 Nursing care, intensive Stroke Therapy (7 days a week) and medical cover (Monday – Friday). The provision needs to be for a minimum of 11 inpatient Stroke Rehabilitation beds with an expected average length of stay of 4 weeks (+/- 2 weeks). The facility will need to be well equipped to meet the needs of patients requiring Stroke rehabilitation including access to gym and facilities which support rehabilitation of activities of daily living.

It is expected that the people will have access to the full range of specialist Stroke rehabilitation including:

- Physiotherapy
- Occupational Therapy
- Speech and Language Therapy
- Dietetics
- Psychology

The service should operate in line with National clinical guidelines recommendations offering people to participate in at least 45 minutes of each appropriate therapy every day, at a frequency that enables them to meet their rehabilitation goals, and for as long as they are willing and capable of participating and showing measurable benefit from treatment.

DGFT Consultants will be willing to maintain specialist clinical oversight if the service falls outside of borough but would require access to necessary IT systems.

The provider must have the facility to input into the Sentinel Stroke National Audit Programme (SSNAP) and ensure all data is shared with the Trust on a regular basis.

The following performance measures will be implemented to ensure the service outlined is delivered:

- Average length of stay with Criteria to Reside (CTR)
- Average length of stay post No Criteria to Reside (NCTR).
- Incidents, Risks, Complaints and Compliments
- Quarterly review meetings between key stakeholders.
- Patient & family feedback
- Staff survey results
