II.1.2) Main CPV code

- 71320000 - Engineering design services

II.1.3) Type of contract

Services

II.1.4) Short description

HS1 Ltd has the 30-year concession to own, operate and maintain High Speed 1 (HS1), the UK's only high-speed railway, as well as the stations along the route.

Project Requirement

The end output of Project can be described as:

An International Zone operation capable of handling and processing up to 5,000 passengers in a rolling 60-minute period and;

An International Zone that has the appropriate facilities and operating model to accommodate at least one new international operator.

In providing a RIBA2 design and operational concept that will achieve this output bidders are asked to focus on:

The spatial, architectural and other design elements including:

Overall capacity provision;

Improved passenger flows;

Access and egress;

Historic Building impact;

Fire and evacuation safety;

Station security design standards (SIDOS);

Maintenance;

Location, size and potential rationalisation of station facilities (Toilets, Operator facilities)
