## **Section II: Object**

## II.1) Scope of the procurement

## II.1.1) Title

St Pancras Enhancement Project RIBA 2 Design and Operational Concept Feasibility Study

Reference number

HS1-ENG-2024-198

#### II.1.2) Main CPV code

• 71320000 - Engineering design services

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

HS1 Ltd has the 30-year concession to own, operate and maintain High Speed 1 (HS1),

the UK's only high-speed railway, as well as the stations along the route.

**Project Requirement** 

The end output of Project can be described as:

An International Zone operation capable of handling and processing up to 5,000 passengers in a rolling 60-minute period and;

An International Zone that has the appropriate facilities and operating model to accommodate at least one new international operator.

In providing a RIBA2 design and operational concept that will achieve this output bidders are asked to focus on:

The spatial, architectural and other design elements including:

Overall capacity provision;

Improved passenger flows;

Access and egress;

Historic Building impact;

Fire and evacuation safety;

Station security design standards (SIDOS);

Maintenance;

Location, size and potential rationalisation of station facilities (Toilets, Operator facilities)
