II.1.4) Short description

DfI, in partnership with PHA, seeks to commission a new programme which will encourage and support more children to regularly walk and cycle to school. This new procurement will aim to draw together various strands of work currently undertaken by each body such as active travel programmes supporting communities and workplaces. The scope of this contract invites the design, provision and delivery of a programme of co-ordinated sustainable travel to school activities which will result in more children cycling, wheeling, scooting and walking to school more safely and more often. The programme will support schools to develop a culture of active travel within the whole school, which will be sustained after the lifetime of the programme. It will secure an increase in awareness of all participants of the benefits and challenges of travelling to and from school either as pedestrians or cyclists and support behavioural change to be more physically active throughout the day. The contract will also develop and deliver a programme of both walking and cycling skills training to increase the competence levels of all participants and better equip participants to travel to school safely by sustainable modes and provide increased opportunities for demonstrating the health and well-being benefits of active travel.

II.2.14) Additional information

The figure indicated in Section II 1.5 represents an estimated contract value. This value reflects the potential scale of the contract and takes into account potential optional extension periods and the uptake of potential optional services as detailed in the tender documents. This figure does not however take into account the application of indexation or increases to charges due to increases in the Real Living Wage. Neither CPD nor the Authority can provide any guarantee as to the level of business under this contract. The Contracting Authority does not bind itself to accept the lowest or any tender. Economic Operators remain responsible for all costs and expenses incurred by them or by any third party acting under instructions from the Economic Operator in connection with taking part in this procurement process regardless of whether such costs arise as a consequence, directly or indirectly of any amendments made to the procurement documents by the Contracting Authority at any time. No legally binding contract shall arise (and an Economic Operator shall have no legitimate expectation that a contract will be entered into) until such time as entry into the Contract has been confirmed by the Contracting Authority. Economic Operators should note that all dates, time periods and figures in relation to values and volumes specified in this notice and the procurement documents are approximate only and the Contracting Authority reserves the right to change any or all of them. . .

Section VI. Complementary information

VI.3) Additional information

The successful contractor's performance on the contract will be regularly monitored in line with the tender documentation. Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting what it is paying for. If a contractor fails to reach satisfactory levels of contract performance they will be given a specified time to improve. If, after the specified time, they still fail to reach satisfactory levels of contract performance, the matter will be escalated to senior management in CPD for further action. If this occurs and their performance still does not improve to satisfactory levels within the specified period, it may be regarded as an act of grave professional misconduct and they may be issued with a Notice of Unsatisfactory Performance and the contract may be terminated. The issue of a Notice of Unsatisfactory Performance can result in the Contractor being excluded from all procurement competitions being undertaken by Centres of Procurement Expertise on behalf of bodies covered by the Northern Ireland Procurement Policy for a period of three years from the date of issue.
