#### II.1.4) Short description

Please note that this procurement process is a refresh on previous Notices published in 2022. The City of Edinburgh Council in partnership with the Edinburgh Health and Social Care Partnership (EHSCP) is looking to establish a flexible purchasing system for Home Based Care and other associated services. This will be a long-term opportunity with the aim to work in partnership with providers to increase capacity for services under Self Directed Support (SDS) as per the Social Care (Self-directed Support) (Scotland) Act 2013. The EHSCP wishes to build community networks of support which will meet the changing requirements of Edinburgh Citizens. They require Home Based Care and associated services which are tailored to meet Edinburgh Citizen's needs and can adapt by flexing capacity, whilst having a focus on sustainability, high standards of care, value for money and continuous improvement. The Flexible Purchasing system will be split into Categories and Sub-Categories (Lots), which are still in development, to cover the range of potential contracts which could be issued through the flexible purchasing system throughout the 10-year term. These may include: Category 1 - Home Based Care Re-design, Category 2 Individual Service Funds, Category 3 Specialised Services, Category 4 Associated Support Services. Due to the term of the opportunity, additional categories / sub-categories may be added in future, to reflect the Council's requirements.

Applying to this system will provide the Council with a list of providers who have proven to have the required skill, knowledge, registrations etc to deliver the service, who could then be offered a contract as part of a Locality Partnership model with providers working together in the best interests of the individuals needing care. The aim of the Home-Based Care Re-design is to build upon networks and foster a culture of collaboration within a

Locality model for adults and older people. This will enable data sharing between partners to understand our collective capacity, which will help us to enable growth with key partners and ensure efficient coverage across the city, allowing us to provide good quality of care which meets the needs of the individual within the City of Edinburgh. This lot within the framework has been estimated to have an annual value of up to 55 million GBP, with a total maximum estimated value of 550 million GBP over the full term of the Framework Agreement (subject to Scottish Government funding increases, demand for the service and the absorption of other care requirements).

Notes that the Framework Agreement is flexible and can sustain increase in requirements which may relate to the umbrella service of Home-based Care, such as overnight care provision, technology enabled care and re-open to new providers throughout the life of the agreement.

#### **II.1.6) Information about lots**

This contract is divided into lots: Yes

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £550,000,000

#### **II.2.4) Description of the procurement**

Providers are required to provide:

- Care at Home
- Housing Support Service
- Or Dual registration under “Support Services – care at home and housing support service combined (or equivalent).

This consisted of 7 lots and sublots which link to postcodes throughout Edinburgh to ensure citywide provision. The lotting structure was devised to add resilience to the provision, for example should any provider fail to deliver then another provider within that Lot will be able to step forward as an option for growth.

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

#### **II.2.14) Additional information**

Please see Bidder Guidance Document for more information on the operation of the Flexible Purchasing System and how to apply.

## **Section VI. Complementary information**

### **VI.3) Additional information**

It is a mandatory requirement of this Framework Agreement that a prompt payment clause is present in all Contracts used in the delivery of the requirements. This ensures payment

of sub-contractors at all stages of the supply chain within 30 days and includes an obligation to provide a point of contact for sub-contractors to refer to in the case of payment difficulties. This will require active monitoring of payment performance as well as the provision of evidence and reports to the Council on request or as contractually scheduled.

Tenderers were also asked to confirm that they will pay staff that are involved in the delivery of services under the contract, at least the real Living Wage.
