### **Scope**

### **Description**

We Know Flooring carried out works at the leisure centre in 2024 - completing the replacement of flooring on the entire pool surrounds. The flooring material is very specialist for use in pools and for the next stage of the project we wish for the same flooring and fitting to be carried out - so that the flooring flows from the poolside into the changing room areas. The work carried out in 2024 was done to an extremely high standard and the product is excellent. The company has been used in many projects throughout the Trust, including the Hydro pool at the spinal unit
