C353972

Description

The contract is for the delivery of the Health Behaviour in School-aged Children (HBSC) survey, a World Health Organisation survey of adolescents with participation of around 44 other countries. The survey aims to: - To monitor the prevalence of health and risk behaviours among young people over time - To understand how health and risk behaviours vary by different characteristics such as gender and family affluence - To provide internationally comparable data on a range of health and risk behaviours among young people
