Public order and safety

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Re-certification of Powered Respirator Protective Suits (PRPS)

Reference number

V1A-041-2526

II.1.2) Main CPV code

- 79132000 - Certification services

II.1.3) Type of contract

Services

II.1.4) Short description

Re-Certification of Powered Respirator Protection Suits

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £75,000

II.2) Description

II.2.2) Additional CPV code(s)

- 35113400 - Protective and safety clothing

II.2.3) Place of performance

NUTS codes

- UKM - Scotland

II.2.4) Description of the procurement

Scottish Fire and Rescue Service (SFRS) propose to re-certify 300 Powered Respirator Protective Suits (PRPS) purchased from Respirex International. The existing 300 PRPS were introduced as part of the New Dimensions Programme as part of a UK-wide approach.

Re-certifying the PRPS will align SFRS current requirements with the wider requirements of UK Fire and Rescue Services thereby ensuring compatibility of equipment with the wider UK Fire and Rescue Services in accordance with the Memorandum of Understanding with Centre for National Resilience (CNR) approved by the SFRS Strategic Leadership Team in November 2015.

This will ensure that there is no compromise in mutual-aid agreements with the wider UK Fire and Rescue Services thereby ensuring that the cross-border response to Chemical, Biological, Radiological and Nuclear (CBRN) incidents is not compromised.

Re-certifying these PRPS will allow SFRS to continue to observe National Operational Guidelines (NOG) for UK National Resilience arrangements.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

SFRS has a statutory duty under Part 2 of the Fire (Scotland) Act 2005 (FSA 2005) to respond to fire and road traffic incidents and a power to respond to other events and situations. The Fire (Additional Function) (Scotland) Order 2005 (F(AF)SO 2005) sets out situations or events that SFRS has a statutory duty to respond to including Chemical, Biological, Radiological and Nuclear (CBRN), Search and Rescue, severe flooding and serious transport incidents.

Section 13 of the FSA 2005 implores SFRS to take any action that it sees as appropriate in response to a situation that causes or is likely to cause death or serious injury to a person or harm to the environment including the power to secure the provision of equipment.

Both the FSA 2005 and the F(AF)SO 2005 detail that SFRS has a responsibility to enter into a reinforcement scheme with other relevant authorities to secure mutual assistance for the purpose of carrying out the duties and functions previously detailed.

The Civil Contingencies Act 2004 requires SFRS to work with other emergency services and responders in producing comprehensive plans for major and catastrophic incidents including emergency planning and response to widespread threats and incidents involving terrorism or

environmental disasters.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Contract No

V1A-041-2526

A contract/lot is awarded: Yes

VI.4.1) Review body

Glasgow Sheriff Court and Justice of the Peace Court

1 Carlton Place

Glasgow

G5 9TW

Telephone

+44 1414298888

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The Scottish Fire and Rescue Service (SFRS) must, by notice in writing as soon as possible after the decision has been made, inform all tenderers and candidates of its decision to award the contract, conclude the framework agreement or establish a dynamic purchasing system. The SFRS will incorporate a minimum 10 calendar day standstill at the point information on the contract award is communicated to tenderers. The SFRS is obliged to comply with the regulations and any eligible economic operator can bring an action in the Sheriff Court or the Court of Session where as a consequence of a breach by the SFRS, they suffer or risk suffering loss or damage. The bringing of court proceedings during the standstill period means that the SFRS must not enter into the contract, conclude the framework agreement or establish the dynamic purchasing system unless the proceedings are determined, discontinued or disposed of: or the court, by interim

order, brings to an end the prohibition. The bringing of court proceedings after the standstill period has elapsed and the remedies that are available to the courts are detailed in the regulations
