Award

£275000.00

Ministry of Defence

F15: Voluntary ex ante transparency notice

Notice identifier: 2025/S 000-042347

Procurement identifier (OCID): ocds-h6vhtk-05648d

Published 23 July 2025, 12:46pm

Section I: Contracting authority/entity

I.1) Name and addresses

Ministry of Defence

Situational Awareness Command and Control (SACC) Delivery Team , Spruce 1C, Abbey Wood #2025

Bristol

BS34 8JH

Email

deborah.probert812@mod.gov.uk

Country

United Kingdom

Region code

UK - United Kingdom

Internet address(es)

Main address

<https://des.mod.uk/>

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

Defence

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

£275000.00

II.1.2) Main CPV code

- 72315200 - Data network management services

II.1.3) Type of contract

Services

II.1.4) Short description

The Situational Awareness Command and Control (SACC) Team, part of the UK Ministry of Defence (the Authority), intends to offer a contract amendment for the Provision and Support of a JTIDS (Joint Tactical Information Distribution System) Network Management System (JNMS) with Thales UK Limited (the Contractor) for an additional period of 3 months with 3 one-month options. The estimated value of this Contract Amendment is £275,000.00 ex VAT including options and a Limit of Liability for Ad-Hoc Tasking.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £3,631,441.72

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

United Kingdom (UK) Defence has an enduring requirement to manage and monitor all Link 16 activity within the UK and support up to 2 deployed operations. The NMS allows the Network Management operators to monitor network activity and modify the network architecture to provide optimal Link 16 network operating conditions. NMS also monitors all Link 16 activity to ensure compliance with the MOD/Civil Aviation Authority (CAA) UK Frequency Clearance Agreement (FCA).

The current equipment set up is unique and the software installed on the equipment is owned and supported by the Contractor. As the OEM with proprietary rights for the software that is installed on the equipment, support can only be provided by Thales UK Limited, as only they hold the technical information, tools and expertise required. A capability gap would have a potentially detrimental impact and could result in an inability to utilise the Link 16 network across all platforms in the UK Flight Information Region (FIR). This would significantly curtail pan domain platform's ability to train for operations.

The Cyber Risk profile is Low. The Risk Assessment Reference (RAR) is J98DMMDT.

II.2.5) Award criteria

Criterion: Thales UK Ltd 100

II.2.11) Information about options

Options: Yes

Description of options

3x one month options for the continuation of support.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure without publication of a contract notice

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

In accordance with regulation 4 of The Defence and Security Public Contracts (Amendment) (EU Exit) Regulations 2019 (SI 2019/697) this procurement falls to be regulated under the provisions of the Defence and Security Public Contracts Regulations (DSPCR) 2011 as amended (in particular by SI 2019/697 and SI 2020/1450). It is considered that the award of the contract amendment without prior publication of a contract notice in the UK e-notification service (in accordance with the relevant legislation) is lawful in accordance with regulation 16(1)(a)(ii) of the DSPCR 2011 for technical reasons as the Contractor owns the relevant technical information relating to the equipment and only the Contractor has the required technical expertise and know-how necessary to fulfil the Authority's requirement.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No
