Scope

Reference

BCU-FTS-59296

Description

Betsi Cadwaladr University Health Board is seeking to appoint an established healthcare sector supply chain or principal contractor to partner with and construct a nuclear medicine facility.

The site is located at Glan Clwyd Hospital, situated approximately four miles to the south of Rhyl town. It is relatively central to the hospital campus and immediately adjacent to the Radiology department and North Wales Cardiac Centre.

Please see the specification for further details in Bravo/eTenderWales.

The tender will be awarded to the most advantageous tender based on 60% quality and 40% cost as detailed in the ITT document. Please refer to the details of the competitive flexible process & the ITT for further details on individual deadlines.

The procurement is being managed through eTenderWales/Bravo and can be accessed with the following link:

<https://etenderwales.bravosolution.co.uk/>

The project title will be BCU-FTS-59296 - YGC Nuclear Medicine Consolidation Works. You may use either the project code project_59296 or ITT code itt_118862 to locate the opportunity.

Please direct all queries relating to this tender via the messaging function of the Bravo portal.

Procedure**Procedure type**

Competitive flexible procedure

Competitive flexible procedure description

A tender pack is to be issued under a competitive flexible procedure. Bidders will receive both the technical and commercial envelopes simultaneously at the start of the tender process. Technical responses must be returned within five weeks, and commercial responses within seven weeks. Following the return of technical responses, interviews will not be directly scored but may be used to clarify or revise technical scores. There will be no elimination or shortlisting for the commercial/interview stages based on the technical submissions.
