### **Scope**

#### **Description**

The Horniman seeks a supplier to carry out the manufacture, procurement and installation of new build café kitchen including cold store and fire suppression system.

Scope and Objectives of the project can be found in the specification, CDM information, Drawings and the Schedule of Works Pricing Document

The NEAZ Café forms part of two new destinations in the Horniman Gardens to encourage visitors to explore outdoors. On the site of the Old Boating Pond we will create an exciting nature-themed play area for families to have fun together, along with a new Café. Also in this area of the Gardens we will introduce a new gate onto the historic Nature Trail where there will be improved information and accessibility.

At the top of the site, a new Gardens nursery will feature a workshop space for visitors to engage with sustainable gardening. Nearby, a new community garden will be run with local groups.

Project on site start date is currently March 2026 with expected completion by April 2026. This is subject to change in line with programme.
