## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Following the acquisition of Clyde Training Solutions by Relyon Glasgow, effective from 1st May 2025, this modification reflects the formal recognition of the change in supplier ownership. The services delivered under the existing contract will continue to be performed by the same personnel and at the same standard, with no changes to the scope, pricing, or duration of the original agreement.

### **VII.2.2) Reasons for modification**

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

This modification is made in accordance with Regulation 72(1)(e) of the Public Contracts (Scotland) Regulations 2015. The change relates solely to the corporate ownership of the contracted supplier. It does not alter the overall nature of the contract, does not change the economic balance of the contract in favour of the supplier, and does not introduce a new contractor. The modification is therefore not considered substantial and does not require a new procurement procedure.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £940,000

Total contract value after the modifications

Value excluding VAT: £940,000
