Robotic Cells

UNIVERSITY OF WARWICK

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-042810

Procurement identifier (OCID): ocds-h6vhtk-056584

Published 24 July 2025, 2:30pm

Scope

Reference

NJ-07-25-ENG-ROBTICS-JM

Description

The University of Warwick has a requirement to purchase two Robotic Educational Cells, which are effectively a self-contained industrial robot, with a safer capacity level compared to factory-type robots (typically 4kg -10kg payload), making them suitable for classrooms and educational environments.

We are interested in pre-defined 'bundles' or 'packages' which may give us the ability to conduct different demo/practical operations on such robots.

In order to express interest in this opportunity please go to the University of Warwick In-Tend supplier portal (<https://in-tendhost.co.uk/universityofwarwick>).

The University of Warwick is not a contracting authority for the purposes of the Public Contracts Regulations 2015 (as amended) or the Procurement Act 2023 and associated Procurement Regulations 2024 (and as may be amended from time to time) and its

procurement activities are not subject to the requirements set out therein or the obligations under the European Public Procurement Directives, including the European Remedies Directive. Should the University advertise contracts in the Official Journal of the European Union, Find-A-Tender platform or other contract opportunity advertising site or platform, this is at the sole discretion of the University and is undertaken on a voluntary basis with no implied obligation to comply with the procurement legislation.
