Other information

Description of risks to contract performance

Please note Norfolk County Council has joined the government's Devolution Priority Programme.

This process has the potential to lead to the establishment of a county combined authority for Norfolk and Suffolk, with strategic powers, headed by an elected mayor.

Government has also invited participation by Norfolk in Local Government Review. This process has the potential to lead to unitary local government in Norfolk. One of these changes could happen without the other. The contract may be assigned or novated to any successor authority(ies) to Norfolk County Council or to any joint body incorporating or formed by any such successor. The County Council or a successor authority or joint body may order services on behalf of other local authorities serving any area within Norfolk's current geographical boundaries.
