This placement is agreed under Lot 21 (Acute Mental Health – Male) of the Framework Agreement as a call-off contract.

The call off requirement was considered with the basic selection and key criterion as detailed below. Framework providers were evaluated by Commissioners, responsible for a patient placement, under the CAARE criteria to determine (i) under which Framework Lot the Patient's care requirement falls and (ii) the number of observations hours required to meet the patients' needs by Enhanced Packages of Care / Additional Services.

This was assessed under the following key criterion as stated in PSR Wales Regulations 2025 and aligned within the Framework;

1. Quality - Assurance rating, in the order of the Hospital / Unit with the highest Quality Assurance Rating first within the applicable Framework lot.
2. Value - Framework Ranking by price – in the order of lowest composite price Hospital / Unit within the applicable framework lot.
3. Collaboration and service sustainability - Exact clinical, geographical and social needs of the Patient, including patient outcomes.
4. Improving access and reducing health inequalities - Availability of beds in Hospital / Units within the required Framework Lot and within pre-agreed radius significant to a patient.
5. Social Responsibility - review of a providers community benefits proposal.

The length of the placement is based on patient need and therefore, 12 months has been advised in this notice as a prospective timeframe.

The supplier is a current provider on the framework and this notice refers to a new placement.
