II.2.3) Place of performance

NUTS codes

- UKH12 - Cambridgeshire CC

Main site or place of performance

Saxon Park

Saxon Way

Bar Hill

Cambridgeshire

CB23 8BH

II.2.4) Description of the procurement

The purpose of this tender is to identify and appoint a single contractor to deliver the

project from community consultation through to final design and construction of a high-quality concrete skatepark. The facility should meet the needs of local people and accommodate a range of users, including scooters, skateboards, BMX bikes, and skates, across various ages and abilities.

The successful contractor will be selected based on a combination of factors, including demonstrated experience on similar projects, financial stability, health and safety procedures, relevant skills, a proven track record of working with councils and community groups, and the capability to deliver a fully funded project within budget.

Applicants must demonstrate value for money, aim to use local suppliers where possible, and provide added value through community engagement, minimal disruption during construction, and a focus on durability, quality, and design excellence. The skatepark must meet both the aspirations of the community and the requirements of the local authority.

Initial ideas and concept designs have already been developed by members of the community. However, further consultation is expected as part of the design phase to refine and agree on a final plan for both the skatepark and the surrounding area.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: Yes
